Brass Urn Manufacturer

Brass has a weight and warmth that no other metal quite matches, and families notice it the moment they hold an urn. As a Brass Urn Manufacturer, Higher Handicrafts casts, engraves and finishes every piece in-house, from classic polished shapes to detailed hand-engraved designs. Funeral homes and wholesalers rely on us for steady quality from the first order to the last.

- ✓ **Consistent quality across bulk batches**

Cremation Urn Supplier

When a family chooses an urn, they are choosing it for good. Buyers need a Cremation Urn Supplier who delivers the same finish on the five-hundredth piece as on the first. We work directly with funeral homes, retailers and distributors in markets such as the USA, UK, Canada and Australia, with secure export packing and private label support for brands that want their own identity.

- ✓ **Adult, keepsake, pet and heart styles**
- ✓ **Export-grade packaging on every shipment**
- ✓ **OEM and private label support**

Memorial Urn Supplier

A memorial urn often becomes the centrepiece of a family's remembrance, so design matters as much as build. As a Memorial Urn Supplier, Higher Handicrafts offers a wide range of finishes, symbols and engraving styles, from quiet floral motifs to rich colours with a personal inscription. Our team helps you choose pieces that suit your customers and keeps lead times clear from the start.
