IDGenius Pro

IDGenius Pro is an all-in-one PVC ID card printing software designed to make professional card printing simple, fast, and efficient. With a powerful Windows-based workflow, it supports PAN cards, Aadhaar, voter IDs, health and scheme cards, certificates, employee IDs, student cards, visitor cards, and membership cards.

About Us

IDGenius Pro is an all-in-one PVC ID card printing software designed to make professional card printing simple, fast, and efficient. With a powerful Windows-based workflow, it supports PAN cards, Aadhaar, voter IDs, health and scheme cards, certificates, employee IDs, student cards, visitor cards, and membership cards. The software offers customizable layouts, photo and barcode support, QR-ready formats, precise sizing, cropping, and print controls. Built for offline use, IDGenius Pro provides a fast and reliable solution for businesses and organizations looking for consistent, production-ready ID card printing.
